Jim,

Martin did SES narratives, even though he didn't have to, so we can use these for his review on Friday. There are a number of blanks for data still to be inserted, but you can get the gist from this version. I've asked him to revise it and get the next iteration to us later this week.

Thanks,  
Howard

Howard still working on this, but since I will be leaving now, this will give you something to work from. Will continue to work on it, staff providing some of the stats re contracts, grants, \$ outlays, details, rotations etc.
